He sent it to the DEP for review to see if further action would be necessary. There was more discussion on this topic.

Terry said that another ordinance that the NJDEP is requiring, pertained to the storage of deicing material. He said that it should not be stored in a big pile outside. Runoff is the issue.

The conversation led to weeds and the issue of herbicides. Councilwoman Foley said that that For-Shore Weed Control has a permit from the DEP to spray right up to the water line.

Mayor Larson asked for a motion to close the Caucus. On a motion by Foley, seconded by Gutowski and carried by all the Caucus Meeting was closed.

The next topic was the Stormwater Management Ordinance that was also mandated. Terry said the ordinance is 40 pages. He said we have adopted a few of these ordinances over the last few years. He talked to the DEP and they said there was a simplified version makes references to the Administrative Code where updates can be reviewed. He said that it would be a better option than doing a new ordinance time and time again for miniscule changes.

Councilwoman Reynolds has what could be done to implement MyBeachMobile for the ramp and beach badges and asked if she or Councilman Gutowski could contact them to get it started. Terry said that the QPA should be negotiating an agreement.

There was discussion about a marina proposing moorings. Grant money is available from state and the moorings portion of the plans are an important part of the proposal to get the funding. The council was concerned about the number of moorings.
