RE: Revaluation Update

Residents of the Borough of Barnegat Light,

We are making great progress with our data collection for the Revaluation for 2027.

We have completed all residential exterior inspections except for the condominiums which will be completed in the coming weeks.

All commercial properties have been inspected but we are still waiting on some Income and Expense reports to be completed and returned for review. They can be dropped off at the Borough Hall on E 7th St with the County Administrator.

In the summer we will be revisiting all residential properties that haven't had or haven't scheduled their interior inspection for a second attempt followed up by a third and final attempt letter.

We are currently offering weekday appointments between the hours of 9am - 4pm. As this is a busy time for our company and we are working with several different Municipalities we are receiving a high volume of calls so if we do not answer your call, please leave a message and we will do our best to respond within 48 hours.

If you have any questions or would like to schedule your interior inspection, please contact our office at 1(866)957-1388 or you can email us at Contact@ppareval.com .

Very truly yours,

Garret Martin
PPA Project Supervisor
